

Epic Element History

This document lists each element (infantry and vehicles) used within the Space Marine/Titan Legions (or Old Epic) game and the Epic 40,000 game and any changes that have occurred

Note that an asterisk (*) indicates the unit exists in Epic 40k, but there is a special note about the unit. A common example of this is units that were broken out in Old Epic, but is lumped together in Epic 40k (like Support Weapons).
